

Johnston Family Medicine will remain at College Square until our new building is complete in early 2012.

We will move to our permanent home on Magna Way, off Route 97, across from the Carroll County Regional Airport, just up the street from the Jiffy Mart when our building is complete.

Ask our staff for details

Since April of 2010 Johnston Family Medicine has been using **WebView** for Appointment Requests, Prescription Refill Requests and Patient Messaging. The Medfusion features are no longer active. Please stop by the office to open your WebView account if you have not already done so.

Please explore the multiple services available through our website. After creating an account you will be able to:

Request appointments -- request and print your referrals -- request prescription refills -- view your lab results -- provide your medical history and current complaints for review prior to arriving at the office -- ask the office or medical staff questions -- have simple medical issues addressed and treated without leaving your home -- pay your bill.

SEPTEMBER 2011: FLU SHOT ARE AVAILABLE NOW!

Flu Season is rapidly approaching and the current CDC recommendation is for all individuals over the age of 6 months to receive an annual flu shot. We especially feel that a flu vaccination is important for children under the age of 5, adults over 50, individuals with certain medical conditions, and any person who cares for high risk individuals. It is not too early to protect yourself and your loved ones for this upcoming flu season. Please call the office (410-751-6684) and let us know when you will be coming in to receive your shot.
